BURGREENS

NUTRITIONALLY BALANCED

All of our menus are design based on the nutritional understanding of the whole-food plant-based diet by Chef Max Mandias. All menus contain natural fibers, plant-based protein, complex carbs and good fat in balance.

HONEST INGREDIENTS

We pride ourselves in being transparent to our beloved customers. What you see on our ingredient list is what you eat. Healthy food should be tasty! It's the main principle at Burgreens Kitchen.

100% PLANT-BASED

All of our menu are plant-based for your better health, animal welfare and environmental sustainability.

WHOLEFOOD CARBS

We opt for wholesome carbs such as vegetables, fruits, locally made gluten-free flour, whole-wheat flour, unbleached all purpose flour, brown rice and red rice.

PLANT PROTEIN POWER

Plant protein has been found to be the key factor in longevity and faster recovery. In Burgreens, you can find tofu, tempe, chickpea, mushroom-based & soy-based meat alternatives that will delight both your taste buds and gut health :)

HOMEMADE FROM SCRATCH

Our carefully chosen partners along with us make all the food from scratch to ensure that all your meals are free from MSG & artificial flavoring enhancer, preservatives and toxic food chemicals.

COCONUT OIL FOR COOKING & DRESSINGS

We use sustainably sourced coconut oil for our salad dressings and cooking, as coconut oil is the safest oil to be heated (highest temperature resistance and smoke point).

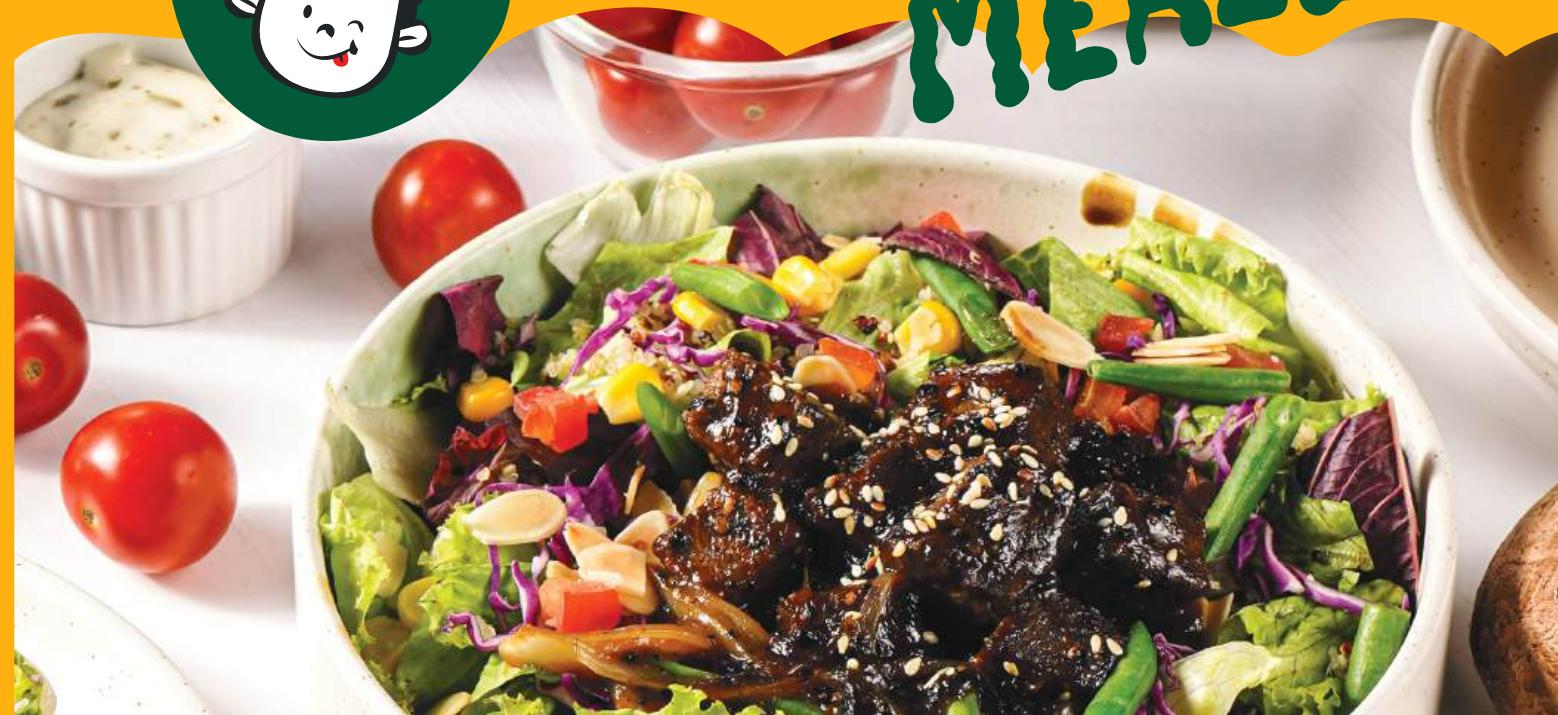

YES TO SEA SALT, NO TO MSG

We do not use added MSG in our menu and proudly use local sea salt and herbs to create the umami flavours that you like!
